

PRESS RELEASE

February 3, 2023

AEMC® Instruments has promoted two top people!

Dover, NH – Bruce Yohr, President & CEO of AEMC® Instruments announces the promotions of **Tim Cowgill** to the position of **Global Director of Sales** and **Gregg Wong** to the position of **Technical Product Trainer**.

Tim has over 20+ years experience in sales with AEMC® Instruments and has successfully managed and dramatically increased sales growth in the USA and Canada. He is known for his excellent communication skills, leadership approach, decision-making qualities, and friendly nature. Tim has been effective in managing the growth of our North American distribution network. In his new position he will be responsible for managing the sales activity for North America, Central America, South America, Australia, and New Zealand.

Gregg has over 8+ years of technical experience in field service roles and 3+ years as a District Sales Engineer for AEMC® Instruments. In this new role, Gregg will be responsible for developing and teaching AEMC's in-person seminars (public & private) and remote webinars on Ground Resistance Testing, Insulation Resistance Testing and Power Quality Analysis. He will also conduct presentations at trade shows and be instrumental in writing application notes and white papers on the proper use of AEMC products. Gregg is very excited to take on this challenging roll. If you have any questions or are interested in a private seminar, give Gregg a call today at (603) 609-8023 or email him at gwong@aemc.com

Please join us in congratulating these two very capable individuals as we look forward to a successful future.

AEMC® Instruments manufactures professional electrical test and measurement instruments for the industrial, commercial, and utility marketplace. Our products are backed by over 130 years of experience in test and measurement instruments and encompass the latest international standards for quality and safety. AEMC® products can be purchased through a worldwide network of distributors. www.aemc.com
